

With an impressive line-up of new and returning original series, the **SHOWTIME**® programming slate has made the network among the most talked about in the business.

HOMELAND follows the complex and often duplicitous world of counter terrorism where the lines of right and wrong are often blurred. The series provides an in-depth character study of CIA operatives in and out of the field seen through the eyes of its flawed lead character Carrie Mathison, a CIA officer battling her own demons.

In **PENNY DREADFUL**, some of literature's most famously terrifying characters – including Dr. Frankenstein, Dorian Gray and iconic figures from the novel *Dracula* – are all brilliantly re-imagined in a whole new light. This chilling psychological thriller is created, written and executive-produced by three-time Oscar® nominee John Logan and Oscar® winner Sam Mendes.

MASTERS OF SEX chronicles the unusual lives, romance and pop-culture trajectory of Masters and Johnson. Their research touched off the sexual revolution and took them from a mid-western teaching hospital in St. Louis to the cover of *TIME* magazine.

EPISODES stars Matt LeBlanc in his Emmy®-nominated and Golden Globe® Award-winning role as a fictionalized version of himself. Things get no easier for Matt this year as his career and ego continue to be pummeled. Sean and Beverly are back together, but they soon discover that it's not so easy to heal old wounds.

This season on **SHAMELESS**, the Gallaghers are braving another brutal Chicago winter and waiting on the medical fate of their flawed, permanently pickled patriarch, Frank. With Fiona in a stable job and relationship, and Lip enrolled in college, can the Gallaghers finally realize the middle class American dream?

HOUSE OF LIES is the edgy, provocative hit SHOWTIME® comedy series starring Don Cheadle in his twice Emmy®-nominated and Golden Globe®-winning role as elite consultant Marty Kaan, a man with a single-minded pursuit: power.

Set in the sprawling mecca of the rich and famous, **RAY DONOVAN** stars Emmy®- and Golden Globe®-nominee Liev Schreiber as LA's best professional fixer, Mickey Donovan – played by Jon Voight, a Golden Globe®-winner for his role as Ray's father – returns for revenge and for his place at the head of the Donovan family.

It's the biggest story of our time. Hollywood's brightest stars and today's most respected journalists explore the issues of climate change and bring you intimate accounts of triumph and tragedy. **YEARS OF LIVING DANGEROUSLY** takes you directly to the heart of the matter in this awe-inspiring and cinematic documentary series event from Executive Producers James Cameron, Jerry Weintraub and Arnold Schwarzenegger.

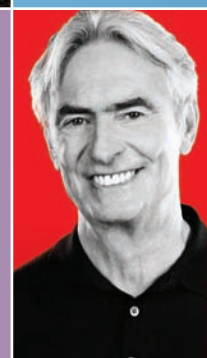

NURSE JACKIE stars actress Edie Falco in her Emmy® Award-winning role as Jackie Peyton, a strong-willed and brilliant – but very flawed – emergency room nurse.

CALIFORNICATION stars and is executive produced by David Duchovny, in his Golden Globe®-winning role as the hedonistic writer who fights to balance the demands of his insatiable libido, unpredictable career, ex-girlfriend/muse Karen and beloved daughter Becca. He's aided (and sometimes abetted) by best friend/agent Charlie and his bawdy wife Marcy.

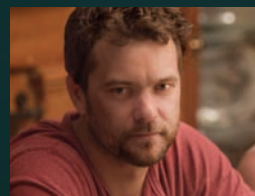

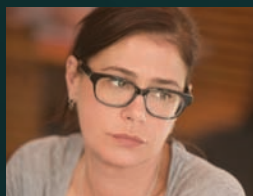

WEB THERAPY stars Emmy® Award-winning actress Lisa Kudrow as “Dr. Fiona Wallace,” a self-professed and self-serving psychotherapist who treats patients via webcam in three-minute sessions.

With ten, half-hour episodes from comedy forces David Steinberg and Steve Carell, **INSIDE COMEDY** will continue to feature one-of-a-kind interviews with some of the most respected entertainers who have shaped the genre over the last several decades.

COMING SOON

THE AFFAIR, a one-hour drama series starring Golden Globe®-nominees Dominic West (*The Wire*) and Ruth Wilson (*Luther*), as well as Emmy®-nominee Maura Tierney (*ER*) and SAG Award®-nominee Joshua Jackson (*Fringe*), explores the emotional and psychological effects of an extramarital affair.
